

Request for Statements of Qualifications Project Engineers

The Limestone County Water and Sewer Authority in coordination with the Limestone County Commission are soliciting Requests for Statements of Qualifications (RFQ's) for professional engineering services. This request will be used for the selection of a firm to be the Owner's CDBG Project Engineers for such services for any in-process, and/or other possible public works and/or infrastructure projects for the period 2018–2021. The required services will involve all services necessary, possibly including, locating, designing, bidding, and monitoring a turnkey project from initial layout/design through construction and final inspection. An RFQ package with detailed requirements and a sample project summary is available at the address below. Responses to this RFQ must be submitted to the Limestone County Water and Sewer Authority by common carrier, or in-hand (NO FAX's/emails) by May 18th, 2018. Any additional inquiries concerning this solicitation can also be directed to the Project Administrator, Lucas Blankenship, TARCOG, 5075 Research Drive NW, Huntsville, AL. 35805-5912 (256)716-2483 direct/voice mail, Lucas.Blankenship@tarcog.us.
